

Personal Profile

I consider myself to be a good team worker whom is always seeking to learn new skills and develop my knowledge of the industry further.

I am adaptable and flexible to most situations; also, I believe to have strong planning and organisational skills along with efficient time management. I am reliable with high personal standards and attention to detail.

I recognise myself as a determined and decisive individual; able to use my own initiative to develop effective solutions to most problems that may be encountered in any working situation.

Relevant Work Experience

- **Jul 2016 - Aug 2016**

- Fifth Ring - Digital Intern**

- Whilst at Fifth Ring over summer I worked alongside the design and development team on designing new websites and altering existing work. I also developed new concepts and finished up production ready designs for presenting to clients. On my first day, I was working on a new design for a client's website which was used in the final product.

- **Jun 2016 - Jul 2016**

- AVC Media (now known as AVC Immedia) - Placement**

- AVC gave me the project of working on the redesign of a web app for tracking live football scores in different tournaments across the world. I produced the front end of the application whilst another person in the team worked on the back end. The team also gave me experience in video editing and 3D animation.

- **Nov 2013 - Apr 2014**

- Studio NEC - Intern**

- I worked with Studio NEC once a week as an intern. In the 16 weeks I was there for, I designed potential websites (wireframes included) and logos for clients. I was also trained and shown what it is like to work in the design industry.

Freelance Experience

- **Danestone Dog Walking - Logo and Web Design**

- I was contacted by Tracy from Danestone Dog Walking to produce a logo and fully responsive website that displayed the services and area that was covered by the company.

- **Embarc Accounts - Vehicle Livery**

- Embarc had recently got a new company car and needed a livery design produced so they could advertise their company and contact details on the go.

- **EQ Design - Short Animation**

- A short animation was created for EQ Design to go alongside a new campaign they were producing. The animation was needed at short notice and handed to them within 48 hours in time for the campaign going live.

Skills

I am confident in using Adobe Photoshop, Illustrator, InDesign and Microsoft Office. Alongside this, I enjoy designing and coding websites with HTML, CSS and JS.

Premiere, After Effects, 3DS Max and Cinema 4D are other programs I have knowledge in through recent work experience and university.

Through my work, I have gained skills in dealing with customers and making sure they come first which has helped when working with clients on freelance projects.

Education

- **2015 - 2017**

- Robert Gordon University**
Digital Media - Year 4

- **2011 - 2014**

- North East Scotland College**
HND Visual Communication - A
HNC Administration and IT - C

- **2005 - 2011**

- Hazlehead Academy**

Work Experience

- **Apr 2014 - Present**

- **Aberdeen Journals LTD - Customer Care Assistant**

- In my current role, I am working with the customers every day to make sure we are providing a good service. My duties range from answering calls from customers with queries and complaints to contacting new customers and supervisors about new orders.

- **Nov 2012 - Mar 2014**

- **Tesco Woodend - Wages Clerk**

- At this job, I dealt with payroll information and updating the employee records. I also carried out usual office duties and other tasks such as compiling reports and creating documents for orders. I worked as an individual and as a team with the managers and maintained employee confidence by keeping their information confidential.

Interests

Gaming has been a big part of my life for many years and I enjoy keeping up with all the latest news. I also enjoy socialising with friends, listening to music and going to the cinema.

Cars are something I am also really interested in. Having a full driving licence has given me a lot of freedom.

I hope to get into photography and video editing too.
